

**DIRECTIONS FOR USE:**

**Septic Tanks, Cesspools and Drain Fields**

**Brand New Septic Tanks and Cesspools**

Use our Septic Tank Starter

**Established Septic Tanks, Cesspools and Drain Fields**

First time use: for every 4 people using the system flush 32 ounces (1 quart) of Actina down any drain leading to the tank. One week later flush 16 ounces (1 pint) down any drain leading to the tank. Then once a month flush 8 ounces (1 cup) down any drain leading to the tank for preventative maintenance.

**Odor Control** - Use 2 ounces (¼ cup) of Actina to reduce odors in garbage disposals, drain pipes, or other odor-releasing areas. Dog runs, feed lots and chicken pens: Spray with 16 ounces (1 pint) of Actina mixed with 1 gallon of water (covers 20' x 50' area, 1000 sq ft).

**Warranty:** Medina Agriculture Products Co., Inc. makes no warranty, expressed or implied, including the warranties of merchantability and/or fitness for any particular purpose concerning this product, except those which are contained on the Medina Agriculture Products Co., Inc. label attached to the product container.

**SEPTIC TANK  
ACTIVATOR**

**HELPS PREVENT CLOGGING AND ODORS**

**Reduces Odors  
Digests Waste  
Eats Grease**

ONE GALLON (3.785L) NET WEIGHT 8.44 LBS. (3.83Kg)

**Actina** increases the natural biological activity of microbes present in sewage. It contains biological activators derived from a fermentation process. This increase in activity and numbers of organisms can help speed up the digestion of wastes, and release enzymes that break down grease and other complex wastes. Because these wastes are digested the need for cleaning and pumping are greatly reduced, and so are odors.
